Call Cooker Spare Parts on 02920 452 510 We even offer a 180 day guarantee on all orders for extra protection. On Diplomat cookers you tend to find these on a data plate on the back of the appliance or on to the side of the oven. Subsequently, you can no longer purchase new Diplomat appliances. Luckily we have a large supply of spares that will get your cooker up and running again. Furthermore, there may be a crossover with some Stoves and New World parts. By this point, you should only be able to see the parts that are perfectly compatible with your Diplomat cooker. We need to continue to support you, our customers but ensure we do so safely for everyone. We are constantly monitoring and reviewing our operations to prioritise the health and safety of our colleagues, partners, customers and their families whilst at the same time ensuring we continue to deliver great service as the spread of coronavirus COVID19 continues.

The clever combination of rapidly circulating hot air and a heating element not only cooks your favourite dishes extra quickly and gently, but also requires significantly less energy and fat than conventional devices. So you can now enjoy crispy French fries, delicious snacks, juicy meat and much more with little fat and with minimal effort. With little to no oil, your deepfried favourites are healthier and have fewer calories. And you can also cook your veggies, pizza or even rotisserie chicken, as this fryer doubles as a classic hotair oven. Thanks to the 12liter cooking space and the XL accessory package, the variety of delights has almost no limits even the crispy chicken and knuckle can be prepared in no time with the rotisserie. The practical timer function makes precise cooking very easy for you, and operation is childs play thanks to the touch screen and 10 preparation programs.

Discover with Laptronix digital hot air fryer the great variety of delicious enjoyment ideal for the whole family. It is suitable for roasting, baking, grilling, drying, keeping warm or thawing food. In general, it works like a conventional convection oven. The device is not for preparation or Suitable for heating liquids.
