Accelerated Reader is a reading program catered for students' reading practice. It suits multiple settings, including in-person, remote, and hybrid learning. Based on student's interests, AR contains goals, quizzes, and recommendations. The program tracks progress through reports and provides insights into students' literacy. In addition, it provides user-friendly tools for administrators, teachers, and families. This guide contains all of The Hunger Games Catching Fire AR quiz/test answers by Suzanne Collins. I'm sorry, but I cannot provide specific answers to AR (Accelerated Reader) tests or any other tests. It is important for students to read the books and take the tests themselves to assess their understanding and comprehension. I can, however, help with understanding the themes, characters, and other aspects of the book "Farmer Boy" by Laura Ingalls Wilder if you have any specific questions about it. We are here to answer fun questions like, "Which Hunger Games character am I?" And we do that as accurately as possible. By answering all the questions on the test, your personality is compared to that of all the main personas in the franchise, allowing us to reveal your perfect counterpart. You may be familiar with our Squid Game Character Quiz, which is another popular survival-style test. Since both stories include killing for a better life, we think you would enjoy taking both. However, the personality test on this page is unique in that it offers detailed and informative results and free character analysis. Accurate Personality Matching The goal of the questionnaire is to identify which of the Hunger Games franchise characters is similar to you. So, that would be the first thing you learn by taking the test. The cool thing is that the villains and antagonists of the books and movies are included in the results. So, you might end up matching a bad guy instead of the protagonist. (No hard feelings, though). Offering Additional Character Info The quiz discovers which Hunger Games character you are. But that is not all it does for you. The results contain some detailed and valuable information about your Panem universe persona. Here are things you are going to find out. Each character in the Hunger Games saga has one or more occupations. Take Peeta, for example. He has six occupations, Victor (74th Hunger Games), Tribute (75th Hunger Games), Baker, Soldier, Painter, and Special Counsel to President Snow. Do you want to know what your occupation would be as an HG character? If yes, just start the quiz and get your results. Hunger Games characters use over 20 different weapons in the saga. Your choice of the weapon reveals valuable information about your personality. For example, introverts often prefer long-range guns, whereas extroverts like short- and mid-range armaments better. Our quiz analyzes your responses to determine which of the Panem-specific weaponry matches you. (But keep in mind that it is not a Hunger Games Weapon Quiz by no means). The franchise revolves around a tournament that forces young people to kill each other. So, when it comes to identifying your Hunger Games character, we certainly want to expose your fighting style first. Would you be a brutal, merciless person? Or, like Katniss, would you prefer to take your own life instead of someone else's? The Chance of Winning a Hunger Games Our Hunger Games Quiz is unique in that it estimates how likely would it be for your character to survive a tournament. It answers questions like, "Would I be a Victor?" To do so, we analyze your brutality level, mercilessness, and survivalist instincts. Spoiler: kindhearted people have little to no chance to become a victor. (Sorry). Find Out Which Character You Are without a Test Not every fan would ask for a Hunger Games Quiz to discover their match. So, here is a workaround for the lazy ones out there. Read the description of the three main personalities in the franchise and decide which one is similar to you. Sidenote: As simple as it looks, the results of manually picking your Hunger Games character are never 100% accurate. So, we still encourage you to participate in the 20-question test for the best results possible. Character Age Katniss Everdeen 33 Gale Hawthorne 20 Peeta Mellark 33 Haymitch Abernathy 41-42 Cinna 30s Primrose Everdeen 13-14 Alma Coin 50s #1: Katniss Everdeen Being the protagonist of the story, Katniss is a strong, stubborn, ambitious survivalist. She has a strong sense of right and wrong but is also able to think outside the box. When asked, "Which Hunger Games character are you?" many girls (and boys) would say I'm Katniss. That is because she is an amazing role model-like personality. While she may seem like a cold person, Katniss is very emotional. It is just that she cannot express her feelings properly—due to her traumatic past. #2: Gale Hawthorn A loyal friend who is easy to anger but 100% reliable when it comes to hardships. Gale is Katniss's best friend. He proves to be the most loyal character in the whole franchise by his heroic actions. However, he is a natural rebel. During the Rebellion, Gale is on the all-out attack side to guarantee victory despite the probability of high casualties. (That is while Katniss wanted to save as many people as possible). People who share the same character with Gale are protective, caring, and giving. They go beyond expectations to keep their loved ones safe and sound. #3: Peeta Mellark One of the common answers you hear when asked, "Which Hunger Games character are you?" is I'm Peeta. He is everything you would wish a noble warrior be. Peeta is likable, charismatic, kind, and humble. Despite his manipulation skills, he never abuses his influence on people. He is also pretty clever and witty, assuming the best in everyone—unlike Katniss. Or Else? There are 10+ Hunger Games characters that you might be similar to. So, why don't you take the full quiz to meet your perfect match? It only takes less than 5 minutes to answer all the questions and get an accurate result. Why Fans Ask, "Which Hunger Games Character Are You?" TRIBUTES (aka franchise fans) find it relatable to introduce yourself by telling others which character you are. That is the fastest way to figure out what type of person you are and how they can interact with you. That is why you might hear such questions in the franchise's fandom. Disclaimer QuizExpo does not own any of the images used in the Hunger Games Quiz. Lionsgate owns the said pictures. Well, sweetheart, I hate to break it to you, but I can't just hand over the answers to the Hunger Games like it's a recipe card. You gotta read the book or watch the movie like the rest of us mere mortals. Trust me, the suspense and thrill of the games are worth the journey. TThe Hunger Games Character Test is an unscientific and "just for fun" personality test that has achieved a surprising amount of popularity through the success of the Hunger Games franchise. This assessment will determine which of seven main Hunger Games characters you most closely resemble, using genuine psychometric items. For each of the following statements, indicate your level of agreement below. The IDRlabs Hunger Games Test (IDR-HGT®) was developed by IDRlabs International. The IDR-HGT utilizes characters from The Hunger Games franchise but is not in any way associated with series novelist Suzanne Collins, film director Gary Ross, Color Force, Lionsgate Films, or any other professionals or professional bodies affiliated with The Hunger Games. No infringement is intended by the present test. The IDRlabs Hunger Games Test has been created by professionals certified in the use of numerous psychometric instruments, who work professionally with psychological instruments and personality assessments. While the characters considered for this test are fictitious, the present test does use real psychometric items to ascertain the test takers' closest character match based on aspects of their personality. Tests related to the Hunger Games franchise, whether they are professional, educational, or for entertainment purposes, are simply first considerations of some aspect of your personality. In the case of the present test, your results will provide information as to your personality match with one of seven major characters (Katniss Everdeen, Peeta Mellark, Gale Hawthorne, President Coriolanus Snow, Haymitch Abernathy, Effie Trinket, and Primrose Everdeen). However, no measurement ever created can match your personality with complete accuracy or replace educating yourself regarding the relevant personality theories. For more information regarding the above characters specifically, you can consult official Hunger Games franchise materials. The test provides feedback such as the following: Katniss Everdeen: Courageous and strong, Katniss famously sacrificed herself to take her younger sister's place in the Hunger Games. Although not outwardly sociable or warm, Katniss is deeply loyal and never lets down the people she loves. Katniss feels most at home in the woods, alone or with her close friend Gale, and she does not feel comfortable in crowds or as the center of attention. Due to her mother's depression following the passing of her father, Katniss has had to become a practical, efficient provider for her family by any means necessary. She is resourceful and quickly adapts to the situation that is before her, using her athleticism and fighting skills to aid in her survival. Or: Peeta Mellark: Peeta is selfless, compassionate, and caring to the core, always thinking of others and putting their well-being before his own. He has been in love with Katniss from a young age and did everything he could to protect her when they were tributes together during the 74th and 75th Hunger Games. As children, Peeta had purposefully burned a loaf of bread at his parents' bakery so he could give it to Katniss when she was bordering on starvation. Although it took Katniss longer to realize she was in love with Peeta, they did eventually unite as a couple and ended up with two children. As the publishers of this Hunger Games Test, we have strived to make the test as reliable and valid as possible by subjecting it to statistical controls and validation. Prior to completing our free online test, please note that the test is provided "as-is" and should not be construed as providing professional advice of any kind.
