About

I am a curvy, long-legged brunette with a cheerful and optimistic disposition. In 2006 I graduated with a Amrita University. Currently, I work as a Junior Software Engineer with HCL Technologies in Noida. In my spare time, I love to rock climb and take landscape photos. These two activities reflect my adventurous nature. Plus, both require regular practice, and technical skills. I also love animals, and volunteer at a local dog shelter.

Family background

Father: Salman Laghari (surgeon)
Mother: Anika Laghari (pediatrician)
Brother: Ramesh Laghari (lawyer)

My family has been based in New Delhi for well over four decades. My grandparents originally come from Kerala and worked as doctors. My father is a surgeon with over 30 years of experience and my mother is a pediatrician. Both of them work at a hospital. My older brother is a lawyer and works for Phoenix Legal here in New Delhi. We are a loving family, firmly believe in the value of hard work, and do our best to live our lives to the fullest. We are keen on exploring new countries.

Expectations

I'm at the stage of my career and life where I reached a satisfactory level of experience and self-sufficiency. I'm looking for a professionally stable and financially independent Hindu man, who knows his worth but Caste is of no importance.
